**DIRECTIONS FOR USE: All States**

CROP	PEST	RATE/HA	CRITICAL COMMENTS
Recreational Turf (including bowling greens, golf courses, parks and playing fields), domestic turf and commercial turf farms.	Argentine stem weevil ( <i>Listronotus bonariensis</i> )	75 kg	Distribute granules evenly on the surface at the first signs of pest activity. Ensure incorporation with at least 6 mm of rainfall or overhead irrigation immediately after application. <b># Domestic Turf:</b> For use by authorised lawn-care specialists only
	Funnel ant ( <i>Aphaenogaster pythia</i> )	60 kg	
	Mole cricket #( <i>Scapteriscus didactylus</i> and <i>Gryllotalpa</i> spp.)	30 kg	

**NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

**GENERAL INSTRUCTIONS  
INSECTICIDE RESISTANCE WARNING****GROUP 2C INSECTICIDE**

For insecticide resistance management, Nufarm Gard Insecticide is a Group 2C insecticide. Some naturally occurring insect biotypes resistant to Gard and other Group 2C insecticides may exist through normal genetic variability in any insect population. The resistant individuals can eventually dominate the insect population if Gard or other Group 2C insecticides are used repeatedly. The effectiveness of Gard on resistant individuals could be significantly reduced. Since occurrence of resistant individuals is difficult to detect prior to use, Nufarm Australia Ltd accepts no liability for any losses that may result from the failure of Gard to control resistant insects. Gard may be subject to specific resistance management strategies. For further information contact your local supplier, Nufarm representative or local agricultural department agronomist.

**APPLICATION**

Apply Gard evenly to the surface of turf using a granule applicator. Gard granules must be incorporated with at least 6 mm of rainfall or overhead irrigation immediately after application.

**PROTECTION OF WILDLIFE, FISH CRUSTACEANS AND ENVIRONMENT.**

DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

**PROTECTION OF LIVESTOCK**

DO NOT graze treated turf or feed turf clippings from any treated area to poultry or livestock.

**STORAGE AND DISPOSAL**

Store in the closed, original container in a dry, cool, well-ventilated area, out of direct sunlight. Shake empty bag into granule applicator. DO NOT dispose of undiluted chemicals on-site. Puncture or shred and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should NOT be burnt.

**SAFETY DIRECTIONS**

Will irritate the eyes. Avoid contact with the eyes. Wash hands after use.

**FIRST AID**

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26.

**MATERIAL SAFETY DATA SHEET**

For further information refer to the Material Safety Data Sheet (MSDS).

**CONDITIONS OF SALE**

"Any provisions or rights under the Trade Practices Act 1974 or relevant state legislation which cannot be excluded by those statutes or by law are not intended to be excluded by these conditions of sale. Subject to the foregoing, all warranties, conditions, rights and remedies, expressed or implied under common law, statute or otherwise, in relation to the sale, supply, use or application of this product, are excluded. Nufarm Australia Limited and/or its affiliates ("Nufarm") shall not accept any liability whatsoever (including consequential loss), or howsoever arising (including negligence) for any damage, injury or death connected with the sale, supply, use or application of this product except for liability which cannot be excluded by statute."
