

SPECIMEN LABEL

HYDRO-WET®

A Soil and Turf Wetting Agent for Increasing Water Efficiency

Principal Functioning Agents

Polyoxyethylenepolypropoxypropanol, glycol butyl ether.....87.5%
Inert Ingredients.....12.5%
Total.....100.0%

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

Precautionary Statement

CAUTION: May cause eye irritation. Do not get into eyes. Avoid breathing vapors or mists. Avoid using product in a manner as to directly or through drift, expose workers or other persons. Applicators and other handlers must wear goggles or face shield and chemical resistant gloves while applying this product.

First Aid

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

General Information

Hydro-Wet assists the management and conservation of water by altering the surface tension properties of surface water from rainfall or irrigation

Hydro-Wet can reduce both watering time and requirements.

Here is how Hydro-Wet helps solve water problems:

- Fights drought by getting water down to deep root zones.
- Assists penetration and drainage of compacted or hydrophobic soils.
- Promotes rapid penetration to keep puddles from forming.
- Reduces water loss caused by runoff.
- Helps water penetrate heavy thatch for more uniform wetting and increased efficiency of fertilizers and pesticides.

Tank Mixing

Tank mix combinations containing Hydro-Wet have not been tested under all growing conditions. Applicator should follow instructions of companion label to determine such use. Always exercise caution when using wetting agents with other commonly used turf chemicals and fertilizers. Test a limited turf area prior to large scale applications.

Directions For Use

Lawn Care: Apply Hydro-Wet at rate of 60 to 120ml in 10 to 15 litres of water per 100m². Water treated areas for 10 minutes immediately after application.

Golf Course Fairways and Athletic Fields: Apply Hydro-Wet in mid to late spring at the rate of 5 to 10 litres in sufficient water to cover a hectare. Reapply every 12 weeks throughout the season.

Localized Dry Spot (LDS): Where LDS appears, additional applications are suggested. Irrigate treated areas for 10 to 15 minutes immediately after application.

Trees, Shrubs and Flowerbeds: Apply 240 to 480ml of Hydro-Wet in 20 to 40 litres of water per 100m². Irrigate immediately following application.

Newly Planted Nursery Materials: Add 250ml of Hydro-Wet to 40 litres of water then apply at the rate of 25 litres per metre of diameter of the planting hole.

Treatment of Peat Lite Soil Mixes: Add 75 to 150ml of Hydro-Wet to 20 litres of water, then apply to 1 cubic metre of soil mixture.

Storage and Disposal

Keep container tightly closed. Store in original container only. Triple rinse container, empty rinse water into spray or stock tank. Dispose of empty container in accordance with federal, state and local laws.

Pro-Ap® Liquid Siphoning Applicator

Calibrate by connecting Pro-Ap to the water source. Fill Pro-Ap bottle with water for testing purposes. Determine siphon rate under local pressure and flow rate conditions. Walk turf areas at a pace of 30 seconds per 100m² to confirm siphon rate.

NOT A PLANT FOOD PRODUCT

Notice-Read Carefully

Limited Warranty and Conditions of Sale

In no event shall manufacturer or seller be liable for special, incidental, or consequential damages, or for damages in their nature of penalties relating to the goods sold. Manufacturer or seller shall not be liable to buyer or user by way of indemnification to customers of buyer, if any, or for any damages or sums of money, claims or demands whatsoever, resulting from or by reason of, or rising out of the misuse, or failure to follow label warnings or instructions for use, of the goods sold by manufacturer or seller. Buyer or users exclusive remedy and manufacturer or sellers total liability shall be for damages not exceeding the cost of the product.

Warranty Disclaimer

The goods sold to you by this agreement are furnished as is by manufacturer, or seller, and are subject only to the manufacturer's warranties if any, which appear on the labels of the products. The manufacturer or seller, make no other warranties, guarantees or representations of any kind to buyer or user, either expressed or implied or by usage of trade, statutory or otherwise, with regard to the product sold, included but not limited to merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage. Ineffectiveness, or other unintended consequences may result because of such factors as the presence or absence of other materials used in combination with the goods, or the manner of use or application, or atmospheric conditions, all of which are beyond the control of manufacturer or seller. In no case shall manufacturer or seller, be liable for consequential, special or indirect damages resulting from the use or handling of this product. The buyer or its customers shall assume all such risks. Tests have not been carried out under all possible use conditions, and manufacturer or seller, cannot and do not warrant that the product is compatible with all other chemicals.

The law of the state from which such goods are to be shipped shall govern the validity, interpretations and performance of this agreement with respect to goods delivered. This writing contains all of the representations and agreements between buyer, manufacturer, and seller, and no person or agent of manufacturer or seller has any authority to make any representation or warranty or agreement relating in any way to the goods.
