

# Droughtmaster

DURATURF® Droughtmaster is the ideal mix for any area with limited water supply and low fertility, but still requires a premium turf performance. DURATURF® Droughtmaster is a blend consisting of tall fescue, ryegrass and fine fescue. DURATURF® Droughtmaster can be used in areas such as golf course roughs, landscaping environments or any situation where drought conditions prevail.

### Features

- Drought tolerance
- Deep green appearance
- Low fertility situations
- Low water requirement
