

# SPECIMEN LABEL

## TRONIC®

### Vegetable Derived Nonionic Surfactant and Crop Oil Replacement

#### Principal Functioning Agents

Vegetable oil ethoxylate, tall oil fatty acids.....	95.0%
Constituents ineffective as spray adjuvants.....	5.0%
Total.....	100.0%

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

**STOP-READ ENTIRE LABEL BEFORE USING**

#### Precautionary Statement

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, and clothing. Avoid inhalation of spray mist. Wash thoroughly with soap and water after handling. Read and follow all precautionary statements on the accompanying pesticide label(s).

#### First Aid

**If Swallowed:** Call a doctor or get medical attention. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol.

**If on Skin:** Remove contaminated clothing. Wash affected area with plenty of soap and water. Get medical attention if irritation persists.

**If Inhaled:** Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth.

**If in Eyes:** Flush eyes with plenty of water. Call a physician if irritation persists.

#### General Information

Tronic is a new class of adjuvant technology that is naturally derived from plant substances. Tronic improves the deposition and penetration of active ingredients into the targeted plant. Tronic is a premium, highly concentrated nonionic surfactant that also contains free fatty acids to improve rain fastness and wash-off resistance.

Tronic is intended for use with herbicides, insecticides, fungicides, plant growth regulators and other plant protection products where an oil concentrate or nonionic surfactant is recommended. Tronic can improve the compatibility of certain spray mixtures when added first to the tank mix. It is readily biodegradable and contains an integrated antifoam agent to minimize foam formation.

Tronic is an integrated molecule, not a mixture. Its unique properties provide surface excess concentration of active ingredients to provide faster uptake and mobility within the plant. This generally allows Tronic to be effective at lower use rates when compared to traditional adjuvants.

#### Directions For Use

Tronic is intended for use with products registered for agricultural, horticultural, turf, ornamental, and other non-crop uses where an activator type adjuvant is recommended.

Always read and follow all plant protection label directions before using this product. Do not use where the pesticide label specifically prohibits the use of an adjuvant. If the pesticide label neither recommends nor prohibits an adjuvant, the applicator must have previous experience with the adjuvant/pesticide spray mixture or should apply a small test area before making large scale applications.

**For pesticides where an oil concentrate is recommended, use the following rate: Ground Application:** For plant protection products use 120 ml of Tronic per 100 liters of spray solution.

#### Mixing

For wettable powders and water soluble products or when using for enhanced compatibility, add Tronic first to the spray tank. For emulsifiable products add Tronic after a good emulsion is formed.

#### Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

**Storage:** Keep this container tightly closed. Store in original container. Do not allow water or other chemicals to be introduced into contents of container. Do not contaminate water sources with equipment washwater, spray disposal wastes or by cleaning of equipment. Do not store near feed or food products. Do not use or store near open flame.

**Disposal:** Triple rinse container and pour rinsate into spray tank. Do not reuse container. Offer triple-rinsed container for recycling, or puncture and dispose of in a sanitary landfill or by other procedures approved by appropriate authorities.

#### Notice-Read Carefully

##### Limited Warranty and Conditions of Sale

In no event shall manufacturer or seller be liable for special, incidental, or consequential damages, or for damages in their nature of penalties relating to the goods sold. Manufacturer or seller shall not be liable to buyer or user by way of indemnification to customers of buyer, if any, or for any damages or sums of money, claims or demands whatsoever, resulting from or by reason of, or rising out of the misuse, or failure to follow label warnings or instructions for use, of the goods sold by manufacturer or seller. Buyer or users exclusive remedy and manufacturer or sellers total liability shall be for damages not exceeding the cost of the product.

##### Warranty Disclaimer

The goods sold to you by this agreement are furnished as is by manufacturer, or seller, and are subject only to the manufacturer's warranties if any, which appear on the labels of the products. The manufacturer or seller, make no other warranties, guarantees or representations of any kind to buyer or user, either expressed or implied or by usage of trade, statutory or otherwise, with regard to the product sold, included but not limited to merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage. Ineffectiveness, or other unintended consequences may result because of such factors as the presence or absence of other materials used in combination with the goods, or the manner of use or application, or atmospheric conditions, all of which are beyond the control of manufacturer or seller. In no case shall manufacturer or seller, be liable for consequential, special or indirect damages resulting from the use or handling of this product. The buyer or its customers shall assume all such risks. Tests have not been carried out under all possible use conditions, and manufacturer or seller, cannot and do not warrant that the product is compatible with all other chemicals.

The law of the state from which such goods are to be shipped shall govern the validity, interpretations and performance of this agreement with respect to goods delivered. This writing contains all of the representations and agreements between buyer, manufacturer, and seller, and no person or agent of manufacturer or seller has any authority to make any representation or warranty or agreement relating in any way to the goods.

TRONIC is manufactured for Oasis Turf
