

SECTION 1 COMPANY DETAILS

Company Name: Kelpomix Tasmania
Address: 4a Formby Road
Devonport TAS 7310
Phone: +61 3 6424 8108
Emergency: +61 400 283 796
E-mail: kelpomix@gmail.com
Website: www.kelpomixtasmania.com.au
Recommended Use: Application to soil and plants
Other Name Kelpomix Liquid Kelp
Product Codes: KLK1

SECTION 2 HAZARDS IDENTIFICATION**Classification:**

Not Classified as Hazardous according to criteria of National Occupational Health & Safety Commission, Australia (NOHSC).

Not Classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.

Risk Phrase(s) Not classified according to criteria of NOHSC.

Safety Phase(s) Wear suitable protective eye, skin, and body protection .

SECTION 3 COMPOSITION / INGREDIENTS

Appearance: Liquid
Odour: Seaweed odour
pH Value: >10 <12.5
Potassium Hydroxide: <5%
Specific Gravity: 1.05 -1.1
Solubility: Completely soluble in water
Vapour Pressure: Not available
Vapour Density (Air=1): Not available
Flash Point: Not flammable

Durvilliea potatorum (Bull Kelp / Seaweed) determined not to be hazardous including water.

SECTION 4 FIRST AID MEASURES

Ingestion: Do not induce vomiting. Wash out mouth thoroughly with water and if symptoms persist, seek medical advice.
Eyes: Mild irritation like soap. Hold eyelids apart and irrigate with copious amounts of water for several minutes. If symptoms persist seek medical advice.
Skin: Wash off with soap and water. Prolonged skin contact may cause defatting resulting in dermatitis. If symptoms develop seek medical advice.

SECTION 4 FIRST AID MEASURES (CONT)

- Inhalation:** If inhaled may cause irritation to respiratory system, remove affected person from contaminated area. Keep at rest until recovered. If symptoms persist seek medical advice.
- First Aid Facilities:** Eyewash and normal washroom facilities.
- Advise to Doctor:** Treat symptomatically.
- Other Information:** In an emergency contact a Poisons Information Centre (In Australia 131126) or a doctor.

SECTION 5 FIRE FIGHTING MEASURES**Hazard from Combustion Products:**

Non-combustible material. Under prolonged fire conditions, evaporation of aqueous component may occur, causing the non-aqueous component to emit irritating fumes, smoke and gases including oxides of nitrogen, carbon monoxide and carbon dioxide.

Precautions in connection with Fire

Fire fighters should wear Self – Contained Breathing Apparatus (SCBA) and full protective clothing to prevent exposure to vapours or fumes.

SECTION 6 ACCIDENTAL SPILLAGE OR RELEASE**Emergency Procedures:**

Wear appropriate personal protective clothing to minimise exposure and if possible, contain the spill. Use inert absorbent material to absorb spillage, collect and place into a suitable container. Dispose of waste according to applicable local regulations. If contamination of sewers or waterways occurs inform local management authorities in accordance with local regulations.

SECTION 7 STORAGE AND HANDLING**Safe Handling:**

Use in well-ventilated areas. Keep containers sealed when not in use. Avoid inhalation of mists and vapours, skin, and eye contact. Wash hands after use.

Safe Storage:

Store in a cool, dry, and well-ventilated area out of direct sunlight in original containers protected from freezing. Ensure storage conditions comply with local and national standards and regulations.

Chemical Stability:

Stable under normal conditions of storage and handling.

Conditions to Avoid:

Extremes of temperature -0°C - 40°C for long periods and direct sunlight.

SECTION 8 EXPOSURE AND PERSONAL PROTECTION**Exposure Standards:**

No exposure standards have been assigned for this product or any of the components.

Engineering Controls:

Maintain adequate ventilation at all times. In most circumstances, natural ventilation systems are adequate.

Personal Protection Equipment:

Gloves: Wear gloves of impervious material according to individual circumstances or risk assessment undertaken.

SECTION 8 EXPOSURE AND PERSONAL PROTECTION (CONT)

Eyes:	Safety glasses with side shields that conform to the relevant regulations. The final choice of appropriate eye/face protection may vary according to individual circumstances.
Respiratory Protection:	If engineering controls are not effective in controlling airborne exposure, then suitable respiratory protection with replacement mist filters must be worn.
Body Protection:	Suitable protective workwear is recommended. e.g. full cover cotton overalls. Chemical resistance apron is recommended where large quantities are to be handled.

SECTION 9 STABILITY AND REACTIVITY

Chemical Stability:	Stable under normal conditions of storage and handling.
Conditions to Avoid:	Extreme temperatures, direct sunlight and mixing with incompatibles.
Incompatible Materials:	Strong oxidizing agents.
Hazardous Decomposition:	Decomposes on heating emitting oxides of carbon and small quantities of noxious smoke.
Hazardous Polymerization:	Not available.

SECTION 10 TOXICOLOGICAL INFORMATION

No adverse health effects are expected, if the product is handled in accordance with the Material Safety Data Sheet and the product label. Symptoms and effects that may arise if the product is mishandled and overexposure occurs are:

Ingestion:	Swallowing any quantities may cause irritation, leading to pains in the stomach, nausea, vomiting and possible diarrhoea.
Eyes:	May cause abrasive irritation to the eyes.
Skin:	May cause mild irritation to the skin.
Inhalation:	Mists from the product may cause mild irritation to the nose, throat and respiratory system.
CHRONIC:	Prolonged exposure may cause drying and potential redness of the skin in susceptible individuals.

SECTION 11 ECOLOGICAL INFORMATION

There is no ecological information available for this product, however large quantities should not be discharged into drains, sewers, or waterways.

Disposal of spilled or waste material must be done in accordance with applicable local and national regulations.

SECTION 12 TRANSPORT INFORMATION

Not classified as Dangerous Goods according to the Australian Code for the transport of Dangerous Goods by Road and rail.

Not classified as Dangerous Goods by the criteria of the international Air Transport Association (IATA) regulations.

Not classified as Dangerous Goods by the criteria of the Marine Dangerous Goods Code (IMDG Code) for sea transport.

U.N. Number:

Not Allocated

Date of preparation or last revision:

November 2025
